# **Olympic Sports Days**

## ***Run by Kelly Sports***

**Get into the spirit of the Olympics by holding an Olympic Sports Day at your school**

**Our Kelly Sports staff will come to your school and organise everything on the day.**

- Kelly Sports provides:
  - 3 coaching staff to run the event (we will also need school staff to help with the activities)
  - most of the equipment
  - competition format
  - sheets for the teams and teachers so the format of the day is easy to understand.
- All the school needs to do prior to the day is organise the children into teams of 7 to 10, depending on total numbers.
- Teams can be named after a country and the children can be encouraged to wear that country's colours to the Olympic event.
- If schools are keen we can organise an opening ceremony where teams do a lap of the field in their country's colours with signs, flags etc created by the children prior to the event.
- Stations set up around the school, with 8 different activities.
- At the conclusion of the day Kelly Sports will collate the results and come back to a school assembly and present medals to the top three teams (optional).
- See attached for proposed format of the day.
