***Deciding what to do for your EOTC week? Try our:
Sports Extravaganza Day for Schools
Run by Kelly Sports***

Our Kelly Sports staff will come to your school and organise everything on the day

- Kelly Sports provides:
 - 3 coaching staff to run the event (we will also need school staff to help with the activities)
 - most of the equipment
 - competition format
 - sheets for the teams and teachers so the format of the day is easy to understand.
- All the school needs to do prior to the day is organise the children into teams of 7 to 10, depending on total numbers.
- Teams can be named after a country and the children can be encouraged to wear that country's colours to the event.
- If schools are keen we can organise an opening ceremony where teams do a lap of the field in their country's colours with signs, flags etc created by the children prior to the event.
- Stations set up around the school, with 8 different activities.
- At the conclusion of the day Kelly Sports will collate the results and come back to a school assembly and present medals to the top three teams (optional).
- If you're interested we can send you a proposed format of the day plus other details.
- We can provide you with excellent references as we've run this at a number of schools.

COST: \$5 including GST per child
